Identification	
Product identifier	SFR\/A
Trade name: <u>Bestatin</u>	serving scientists
Article number: 14980 CAS Number: 65391-42-6 Application of the substance / the mixture Labo	pratory chemicals
Details of the supplier of the safety data sheet Manufacturer/Supplier: SERVA Electrophoresis GmbH Carl-Benz-Str. 7 D-69115 Heidelberg Tel.: +49 6221 13840-0 FAX: +49 6221 13840-10 msds.info@serva.de	cis Gmb
Information department: Product Safety department: Emergency telephone number: Medical Emergency Information in case of poiso Poison Information Center Mainz - Phone: +49 (advisory service in German or English language	oning: (0) 6131 19240
Hazard(s) identification	
Classification of the substance or mixture The substance is not classified according to the of Label elements GHS label elements Void Hazard pictograms Void Signal word Void Hazard statements Void Classification system: NFPA ratings (scale 0 - 4) Health = 0 Fire = 0	Globally Harmonized System (GHS).
<b>O</b> Reactivity $= 0$	

## 3 Composition/information on ingredients

- · Chemical characterization: Substances
- · CAS No. Description
- 65391-42-6 Bestatin
- · Identification number(s) -

## Safety Data Sheet acc. to OSHA HCS

Printing date 05/03/2018

Reviewed on 01/12/2009

Trade name: Bestatin

- Description:
- · Empirical formula:  $C_{16} H_{24} N_2 O_4 * HCl$
- · MW: 344.8

#### 4 First-aid measures

- · Description of first aid measures
- · General information: No special measures required.
- · After inhalation: Supply fresh air; consult doctor in case of complaints.
- · After skin contact: Immediately rinse with water.
- · After eye contact:

Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor.

- After swallowing: Drink copious amounts of water and provide fresh air. Immediately call a doctor. • Information for doctor:
- · Most important symptoms and effects, both acute and delayed No further relevant information available.
- · Indication of any immediate medical attention and special treatment needed
- No further relevant information available.

#### **5** Fire-fighting measures

- · Extinguishing media
- Suitable extinguishing agents:
- $CO_{2}$  extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. • Special hazards arising from the substance or mixture
- In case of fire, the following can be released: Nitrogen oxides (NOx) Hydrogen chloride (HCl)
- Advice for firefighters
- · Protective equipment: Mouth respiratory protective device.

#### **6** Accidental release measures

· Personal precautions, protective equipment and emergency procedures Wear protective clothing.

- · Environmental precautions: Do not allow to enter sewers/ surface or ground water.
- *Methods and material for containment and cleaning up: Pick up mechanically.*
- Dispose contaminated material as waste according to item 13.
- Reference to other sections No dangerous substances are released.

### 7 Handling and storage

- · Handling:
- · Precautions for safe handling Prevent formation of dust.
- · Information about protection against explosions and fires: No special measures required.
- · Conditions for safe storage, including any incompatibilities
- · Storage:
- Requirements to be met by storerooms and receptacles: Store in a cool location.
- · Information about storage in one common storage facility: Not required.
- Further information about storage conditions: Store receptacle in a well ventilated area. Keep receptacle tightly sealed.
- *Specific end use*(*s*) *No further relevant information available.*

Additional information about	<b>ut design of technical systems:</b> No further data; see item 7.
Control parameters	
	es that require monitoring at the workplace: Not required.
Additional information: The	lists that were valid during the creation were used as basis.
Exposure controls	
Personal protective equipme	
General protective and hygie	enic measures: asures for handling chemicals should be followed.
	ble respiratory protective device recommended.
Protection of hands:	
e e	impermeable and resistant to the product/ the substance/ the preparation.
Due to missing tests no record	nmendation to the glove material can be given for the product/ the preparatio
the chemical mixture.	
	erial on consideration of the penetration times, rates of diffusion and th
degradation Material of gloves	
	e gloves does not only depend on the material, but also on further marks
quality and varies from mani	
Penetration time of glove ma	aterial
-	has to be found out by the manufacturer of the protective gloves and has to be
observed.

## Safety Data Sheet acc. to OSHA HCS

Printing date 05/03/2018

Reviewed on 01/12/2009

Trade name: Bestatin

· Other information

No further relevant information available.

## 10 Stability and reactivity

- · Reactivity No further relevant information available.
- · Chemical stability
- *Thermal decomposition / conditions to be avoided: No decomposition if used according to specifications. Stable up to melting point.*
- · Possibility of hazardous reactions No dangerous reactions known.
- *Conditions to avoid* No further relevant information available.
- *Incompatible materials:* No further relevant information available.
- Hazardous decomposition products: No dangerous decomposition products known.

#### **11** Toxicological information

- · Information on toxicological effects
- Acute toxicity:
- · Primary irritant effect:
- on the skin: No irritant effect.
- on the eye: No irritating effect.
- Sensitization: No sensitizing effects known.
- Additional toxicological information: When used and handled according to specifications, the product does not have any harmful effects according to our experience and the information provided to us. The substance is not subject to classification.
- · Carcinogenic categories
- · IARC (International Agency for Research on Cancer) Substance is not listed.
- · NTP (National Toxicology Program) Substance is not listed.
- · OSHA-Ca (Occupational Safety & Health Administration) Substance is not listed.

## **12 Ecological information**

- · Toxicity
- Aquatic toxicity: No further relevant information available.
- *Persistence and degradability No further relevant information available.*
- · Behavior in environmental systems:
- · Bioaccumulative potential No further relevant information available.
- · Mobility in soil No further relevant information available.
- · Additional ecological information:
- · General notes:
- Water hazard class 1 (Self-assessment): slightly hazardous for water

Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system.

- · Results of PBT and vPvB assessment
- **PBT:** Not applicable.
- **vPvB:** Not applicable.
- · Other adverse effects No further relevant information available.

(Contd. of page 4)

## **13 Disposal considerations**

· Waste treatment methods

· Recommendation:

Must not be disposed of together with household garbage. Do not allow product to reach sewage system.

- · Uncleaned packagings:
- **Recommendation:** Disposal must be made according to official regulations.
- $\cdot$  **Recommended cleansing agent:** Water, if necessary with cleansing agents.

#### 14 Transport information

- · ·	
· UN-Number · DOT, ADR, ADN, IMDG, IATA	Void
· UN proper shipping name · DOT, ADR, ADN, IMDG, IATA	Void
· Transport hazard class(es)	
· DOT, ADR, ADN, IMDG, IATA	
· Class	Void
· Packing group · DOT, ADR, IMDG, IATA	Void
· Environmental hazards:	Not applicable.
· Special precautions for user	Not applicable.
• Transport in bulk according to Annex II MARPOL73/78 and the IBC Code	l of Not applicable.
· Transport/Additional information:	Not dangerous according to the above specifications.
· UN ''Model Regulation'':	Void

## **15 Regulatory information**

- · Safety, health and environmental regulations/legislation specific for the substance or mixture
- · Section 355 (extremely hazardous substances): Substance is not listed.
- Section 313 (Specific toxic chemical listings): Substance is not listed.
- TSCA (Toxic Substances Control Act): Substance is not listed.
- · Proposition 65 Substance is not listed.
- · Chemicals known to cause cancer: Substance is not listed.
- · Chemicals known to cause reproductive toxicity for females: Substance is not listed.
- · Chemicals known to cause reproductive toxicity for males: Substance is not listed.
- · Chemicals known to cause developmental toxicity: Substance is not listed.
- · Cancerogenity categories
- · EPA (Environmental Protection Agency) Substance is not listed.
- TLV (Threshold Limit Value established by ACGIH) Substance is not listed.
- · NIOSH-Ca (National Institute for Occupational Safety and Health) Substance is not listed.
- · GHS label elements Void
- · Hazard pictograms Void
- · Signal word Void
- · Hazard statements Void
- · Chemical safety assessment: A Chemical Safety Assessment has not been carried out.
