Revision: 27.01.2023

- · 4.1 Description of first aid measures
- · General information: No special measures required.
- After inhalation: Supply fresh air; consult doctor in case of complaints.

(Contd. on page 2)

Printing date 27.01.2023

*Version number 4 (replaces version 3)* 

Revision: 27.01.2023

## Trade name: SERVALYT<sup>TM</sup> Carrier Ampholyt

- After skin contact:
- Immediately wash with water and soap and rinse thoroughly. Consult doctor if you feel unwell. *After eye contact:*

Rinse opened eye for several minutes under running water. Remove present contact lenses, if easy to do, and continue rinsing. Consult ophthalmologist In case of complaints.

- After swallowing: Wash out mouth. Call a doctor immediately.
- **4.2 Most important symptoms and effects, both acute and delayed** No further relevant information available.
- **4.3 Indication of any immediate medical attention and special treatment needed** No further relevant information available.

## **SECTION 5: Firefighting measures**

- 5.1 Extinguishing media
- · Suitable extinguishing agents:
- $CO_2$ , extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. • 5.2 Special hazards arising from the substance or mixture:

In case of fire, the following can be formed, but not limited to: Carbon monoxide and carbon dioxide Nitrogen oxides (NOx) Sulphur oxides (SOx) Ammonia (NH<sub>3</sub>)

- 5.3 Advice for firefighters
- Protective equipment: Wear self-contained respiratory protective device.

#### **SECTION 6:** Accidental release measures

- 6.1 Personal precautions, protective equipment and emergency procedures Wear protective clothing. Ensure adequate ventilation
- 6.2 Environmental precautions: Do not allow to enter sewers/ surface or ground water.
- 6.3 Methods and material for containment and cleaning up Dispose contaminated material as waste according to item 13.
  Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust).
- **6.4 Reference to other sections** See Section 7 for information on safe handling
- See Section 8 for information on personal protection equipment.
- See Section 13 for disposal information.

## **SECTION 7: Handling and storage**

- · 7.1 Precautions for safe handling: No special measures required.
- · Information about protection against explosions and fires: No special measures required.
- · 7.2 Conditions for safe storage, including any incompatibilities
- · Storage
- $\cdot$  Requirements to be met by storerooms and receptacles: Store at +2 to +8 °C
- · Information about storage in one common storage facility: Not required.
- Further information about storage conditions: Keep receptacle tightly sealed and store in dry conditions.
- 7.3 Specific end use(s): No further relevant information available.

(Contd. of page 2)

SECTION 8: Exposure controls	personal protection
8.1 Control parameters	
	require monitoring at the workplace:
-	relevant quantities of materials with critical values that have to l
monitored at the workplace.	
Additional information: The lists th	at were valid during the creation were used as basis.
8.2 Exposure controls	
Appropriate engineering controls: 1	No further data; see item 7.
Individual protection measures, suc	ch as personal protective equipment:
General protective and hygienic me	easures:
Keep away from foodstuffs, beverage	es and feed.
Store protective clothing separately.	
Immediately remove all soiled and c	contaminated clothing
Avoid contact with the eyes and skin	l.
Wash hands before breaks and at the	e end of work.
Breathing equipment: Suitable resp	viratory protective device recommended.
Hand protection:	
The glove material has to be impern	neable and resistant to the product/ the substance/ the preparation.
Due to missing tests no recommended	ation to the glove material can be given for the product/ the preparation
the chemical mixture.	
Selection of the glove material of	n consideration of the penetration times, rates of diffusion and th
degradation	
Material of gloves:	
The selection of the suitable glove	es does not only depend on the material, but also on further marks
quality and varies from manufacture	er to manufacturer.
The selection of the suitable glove	es does not only depend on the material, but also on further marks
quality and varies from manufac	turer to manufacturer. As the product is a preparation of sever
substances, the resistance of the gl	ove material can not be calculated in advance and has therefore to l
checked prior to the application.	
Penetration time of glove material:	
The exact break trough time has to	be found out by the manufacturer of the protective gloves and has to l
observed.	
For the permanent contact of a m	naximum of 15 minutes gloves made of the following materials a
suitable:	
Nitrile rubber, NBR	
Natural rubber, NR	
Eye/face protection: Safety glasses	
Body protection: Protective work cl	othing.
SECTION 9: Physical and chem	ical properties
9.1 Information on basic physical a	ind chamical properties
General Information on basic physical a	na enemicat properties
Physical state:	Fluid
Colour:	Light brown
· Odour:	uncharacteristic

- · Odour threshold:
- *Melting point/freezing point:*
- · Boiling point or initial boiling point and boiling
- range: · Flammability:
- Lower and upper explosion limit:
- · Lower:
- · Upper:

## Trade name: SERVALYT<sup>TM</sup> Carrier Ampholyt

	(Contd. of page 3)
· Flash point:	no information available
· Decomposition temperature:	no information available
· pH:	according to product specification
· Viscosity:	
· Kinematic viscosity:	no information available
· Dynamic viscosity:	no information available
· Solubility:	
· Water:	Fully miscible
• Partition coefficient n-octanol/water (log value):	no information available
· Vapour pressure:	no information available
· Density and/or relative density:	
· Density:	no information available
Relative density:	no information available
• 9.2 Other information	
· Appearance:	
· Form:	Solution
• Important information on protection of health and environment, and on safety:	1
· Explosive properties:	Product does not present an explosion hazard.
· VÔC %:	0.00 %

#### **SECTION 10: Stability and reactivity**

· 10.1 Reactivity: No further relevant informations available

- · 10.2 Chemical stability:
- Thermal decomposition / conditions to be avoided: No decomposition if used according to specifications.
- 10.3 Possibility of hazardous reactions: No further relevant informations available.
- 10.4 Conditions to avoid: No further relevant information available.
- 10.5 Incompatible materials: No further relevant information available.
- 10.6 Hazardous decomposition products: In case of fire: See Section 5

## **SECTION 11: Toxicological information**

· 11.1 Information on hazard classes as defined in Regulation (EC) No 1272/2008:

- Acute toxicity: Based on available data, the classification criteria are not met.
- Skin corrosion/irritation: Based on available data, the classification criteria are not met.
- Serious eye damage/irritation: Based on available data, the classification criteria are not met.
- Respiratory or skin sensitisation: Based on available data, the classification criteria are not met.
- Germ cell mutagenicity: Based on available data, the classification criteria are not met.
- · Carcinogenicity: Based on available data, the classification criteria are not met.
- Reproductive toxicity: Based on available data, the classification criteria are not met.
- STOT-single exposure: Based on available data, the classification criteria are not met.
- STOT-repeated exposure: Based on available data, the classification criteria are not met.
- Aspiration hazard: Based on available data, the classification criteria are not met.
- 11.2 Information on other hazards:
- · Endocrine disrupting properties:

None of the ingredients is listed.

#### **SECTION 12: Ecological information**

- · 12.1 Toxicity:
- Aquatic toxicity: No further relevant information available.
- 12.2 Persistence and degradability: No further relevant information available.

#### Trade name: SERVALYT<sup>TM</sup> Carrier Ampholyt

• 12.3 Bioaccumulative potential: No further relevant information available.

• 12.4 Mobility in soil: No further relevant information available.

• 12.5 Results of PBT and vPvB assessment:

· PBT: PBT - assessment not available.

· **vPvB**: vPvB - assessment not available.

• 12.6 Endocrine disrupting properties: For information on endocrine disrupting properties see section 11.

· 12.7 Other adverse effects:

• Additional ecological information:

· General notes:

Do not allow product to reach ground water, water course or sewage system.

Water hazard class 1 (German Regulation) (Self-assessment): slightly hazardous for water.

#### **SECTION 13: Disposal considerations**

· 13.1 Waste treatment methods

· Recommendation Disposal must be made according to official regulations.

· Uncleaned packagings:

· Recommendation:

×

Disposal of uncleaned packagings must be made according to official regulations in the same manner as the product.

• Recommended cleansing agent: Water, if necessary with cleansing agents.

#### **SECTION 14: Transport information** · 14.1 UN number or ID number · ADR, IMDG, IATA Void · 14.2 UN proper shipping name · ADR, IMDG, IATA Void · 14.3 Transport hazard class(es) · ADR, IMDG, IATA · Class: Void · Label: · 14.4 Packing group · ADR, IMDG, IATA Void · 14.5 Environmental hazards • Marine pollutant: No · 14.6 Special precautions for user Not applicable. • 14.7 Maritime transport in bulk according to IMO instruments Not applicable. · Transport/Additional information: Not dangerous according to the above specifications. · ADR · Transport category

# SECTION 15: Regulatory information

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

· Directive 2012/18/EU

· Named dangerous substances - ANNEX I None of the ingredients is listed.

DIRECTIVE 2011/65/EU on the restriction of the use of certain hazardous substances in electrical and electronic equipment – Annex II

None of the ingredients is listed.

· REGULATION (EU) 2019/1148

Annex I - RESTRICTED EXPLOSIVES PRECURSORS (Upper limit value for the purpose of licensing under Article 5(3))

None of the ingredients is listed.

#### · Annex II - REPORTABLE EXPLOSIVES PRECURSORS

None of the ingredients is listed.

· Regulation (EC) No 273/2004 on drug precursors

None of the ingredients is listed.

· Regulation (EC) No 111/2005 laying down rules for the monitoring of trade between the Community and third countries in drug precursors

None of the ingredients is listed.

· National regulations:

- Water hazard class: Water hazard class 1 (Self-assessment): slightly hazardous for water.
- · 15.2 Chemical safety assessment: A Chemical Safety Assessment has not been carried out.

#### **SECTION 16: Other information**

This information is based on our present knowledge. However, this shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.
